Chairman's Notes

We are working very hard to improve the facilities for our local community. Our ideas for the future are to provide play areas for all ages of children, improve our changing rooms and offer a wider selection of activities for all ages.

Walking/jogging football was introduced recently for the over 50s. We aim to meet every Thursday evening starting from 7pm. This has proved very popular and is one of the innovative ideas from a member of the club who set it up and manages it.

We continue to have as many functions as possible and what has been impressive this year is the amount of money, over £1500, we have raised via these functions for local charities. The more support we have, the more it benefits local charities as well as the club.
